

## **Anthony Galie Introduction**

Our keynote speaker today is an authority on the science of motivation.

As an author, he has inspired tens of thousands of people with his book, *Take Control of Your Subconscious Mind*. As a speaker, he has presented his formula for goal setting and achievement to audiences around the world... including four appearances at the Million Dollar Roundtable. And as a hypnotist, he has done the unbelievable again and again.

Please welcome to the stage Anthony Galie!
